**This and That**

President **Julie Reppenhagen** told us the Spaghetti Spree still needs help with cleanup and in the kitchen from 5:45 to 7:15.

Secretary **Michael Pease** said his move to Sahuarita from Tucson has caused a delay in this quarter's billing. Not a single sob was heard anywhere in the

room.

**Coming Events**

- **Spaghetti Spree** – January 24, West Center
- **Jazz in the Desert** – March 8
- **Bacchanal Fundraiser** – March ??

**25 Crucial Dates in History**

**Doug Shumway**, retired mining engineer and one of our newer Club members, shared his interest in history in the form of a list of 25 dates “that shook the world.” 65 million years ago an asteroid (we believe) wiped out the dinosaurs and made room for mammals. Humans became their own species 7 million

years ago, learned to control fire 9000 years ago, developed writing in Mesopotamia around 3200 BC, learned to count even earlier than that, and started making money (coins) about 1500 BC. Rome was founded around 750 BC, and Hippocrates gave us his medical oath in the 5<sup>th</sup> century BC. The birth of Christ was 4-6 BC, and the birth of Islam about 622 AD. A history changing conflict between the two cultures at the Battle of Tours in 732 kept Europe Christian rather than Muslim.

In the 9<sup>th</sup> century AD the Chinese invented gunpowder, the Normans conquered England in 1066, the Magna Carta was signed in 1215, and in 1440 Gutenberg invented the printing press. 1492 Columbus discovered America, 1517 Luther started the Protestant Reformation, and in 1543 Copernicus showed that Earth is not the center of the universe, followed by Newton’s Laws of Motion in 1687. The British defeated the Spanish Armada in 1588, and our Declaration of Independence was signed in 1776. We got the metric system in 1799, Darwin’s Origin of the Species in 1859, the telephone in 1876, and airplanes in 1903, radio in 1906, and you know what? He had way more than 25 events in his list. That’s love of history for you.
